About Step Up Women's Network:

Step Up Women's Network is a national non-profit membership organization dedicated to strengthening community resources for women and girls. Through teen empowerment programs for underserved girls, women's health education and advocacy, professional mentorship and social networking opportunities, we educate and activate our members to ensure that women and girls have the tools they need to create a better future.

Step Up is on the cutting edge of women's social philanthropy. The organization's strength stems from our members' ability to leverage their personal and professional skills and relationships to give back to the community. Our programs are designed to engage women in a way that inspires a life-long commitment to responsible, philanthropic involvement encompassing hands-on volunteer work and leadership opportunities. "Invest, Involve and Inspire" is our motto.
